

Walden Green Wave Pool Directions

Directions: Please use the directions below. There have been some teams in the past that have used the "1500 Riedel Road" address and they get completely lost. Please, please, please ask your team to use the directions below as there is no real address for the pool. We have been asked NOT to use the parking spaces in front of the golf club so we are asking that all swim related people access the parking lot a different way. We do have a very limited area for parking, so please car pool whenever possible (we are asking our team to do the same).
